ITINERARY

1

DAY 1 — ARRIVAL

Meeting of the Waters, Pink Dolphins & Lodge Check-In

Departure from your Manaus hotel. First stop: the Encontro das Aguas — where the dark Rio Negro meets the white-water Solimoes, running side by side for ~6 km without mixing. From there, visit the pink river dolphin habitat in the Rio Negro's dark waters. Afternoon: boat transfer to the jungle lodge, accessible only by river, in primary Amazon forest. Evening: night caiman search by spotlight along the river margins.

DAY 2 — DEEP FOREST

Jungle Walk, Piranha Fishing & Riverside Community

After breakfast, a native guide leads the group into primary Amazon forest — plant identification, animal tracking, and Amazonian ecology. Afternoon: piranha fishing from a canoe in the channels adjacent to the lodge. Late afternoon: visit to a riverside ribeirinho community whose architecture, diet, and rhythm are shaped entirely by the Amazon and the forest.

OPTIONAL — NIGHT 2

Jungle Camping — Sleep Under the Canopy

An optional upgrade: spend the second night camping in the jungle — hammocks strung between trees, a fire, and the full nocturnal soundscape of the rainforest. Discussed and confirmed at booking.

DAY 3 — RETURN

Final Morning & Return to Manaus

Unhurried breakfast at the lodge. Return by boat to Manaus following the same river network. Drop-off at your hotel or directly at the international airport, depending on your onward plans.
